IAN WANJOHI

Profile

I'm an Information Technology graduate from Meru University of Science and Technology. I have practical experience in database management, network systems, and software development, and I'm ready to bring that to a hands-on role like this one.

Education

Meru University of Science and Technology

Bachelor of Science Information Technology (BIT)
2022 – 2026

KAHETI BOYS HIGHSCHOOL

2018 – 2022

KIAMURATHE PRIMARY SCHOOL

2008 – 2017

PROJECTS

Loan Lending Website

- I Developed a loan lending platform with key features to support a smooth and secure user experience.
Project Link: <https://pemigloans.co.ke/>

Tech Company Collaboration

- I Collaborated with DevsyTech on the development of their main platform and was part of the team that built DevsyAI.
